Success in School: The Essential How-To Guide for Students of All Ages

by Susan Andres, M. Ed., and Felicity Pine, M.A.

“This book is an *exceptionally helpful* resource for teachers and parents. It brings to the forefront critical components of study skills that are necessary for student success. The guide is *thoughtfully organized* with straightforward strategies that are *easily implemented*; at the same time, the material covered is comprehensive. I endorse this product and plan to use it in my classroom.”

Nancy Hirschinger-Blank, Ph.D.
Associate Professor; Chair, Department of Criminal Justice
Widener University

“This book is *remarkable*! It covers *all the nuts and bolts* of study skills, and they are presented in an *easy-to-read* fashion for parents and teachers. I also really like the *wide range of materials* from which the authors draw in terms of providing *examples from texts* – nuclear power plants, Santa Fe, The Cold War, Romeo and Juliet....and on and on.”

Dianne Forman, M.Ed.,
Reading Specialist ; Head, Lower School
Newtown Friends School

“This book is *wonderful*!! Finally there is a collection of *realistic and usable strategies* all in one, concise volume and appropriate for a *wide variety of ages and abilities*.”

Everett Wilson, M.Ed.
Head, Middle School
The Masters School

“All parents want to help their kids academically. However, based on my conversations with many parents – even those who are academically adept – they struggle with developing a coherent, *well-thought-out plan* to help their kids. This book is *the answer – a thorough guide*.”

James Finger, M.B.A.
Director, Jump Start, School of Education
Manhattanville College

“Not unlike a *repair manual* for a piece of machinery, this *concise* book gives detailed, *step-by-step* instructions for the assembly of homework assignments. This guide should be an addition to every kitchen table where students and parents meet to complete schoolwork.”

Jonathan Shelness
Educational Liaison
Woodward Academy

“As a professional editor and writer, I find this a *remarkable* book for many reasons. All the important points are there. Read this and you know exactly where to start and, *step-by-step*, which direction to take and how to keep moving forward. It is *comprehensive, without being overwhelming*. It is easy to read, *simple without being simplistic*, and offers highly effective examples that break ideas down into easily digestible bites. The practical solutions offered can be *a game-changer for parents and kids*, whether they are struggling or looking to polish advanced skills.”
